Rodney D. Harris
Board of Commissioners - 4

BIOGRAPHY/ACCOMPLISHMENTS:

Bio:
Rodney D. Harris is a Democratic candidate for Pitt County Board of Commissioners District 4 with experience in local government administration, including serving as a Deputy County Manager. His background gives him firsthand experience managing county services, budgets, infrastructure, and community needs.

Why he's running:
The strongest issue I found directly associated with his campaign is concern about high taxes, along with his experience in county government, planning and zoning, and local development.

Responsible Use of Taxpayers' Dollars:	• Making sure county resources are spent responsibly, and residents get value for their tax dollars.
Strong Local Infrastructure:	• Investing in roads, utilities, and other infrastructure that communities need to grow and thrive.
Economic Growth:	• Supporting local businesses, jobs, and responsible development across District 4.
Strong County Services:	• Protecting and improving the services families rely on while making county government more accountable and effective.
County Investment:	• Making sure communities like Ayden, Bell Arthur, Farmville, Falkland, and Fountain have a voice in county government and receive their fair share of county resources.
